Taking Education by STORM!

Student of the Month:

Congratulations to Cody Kramer for being Centennial middle school's November student of the month! Cody was nominated by his teacher Mr. Moyer.

Spectrum internet service:

With Spectrum Internet assist low-income families and seniors can get unlimited high-speed internet for just \$14.99 per month. Even better, spectrum has eliminated all data caps on this new plan. That means you can use all the internet you want – all your kids can do their homework, all the internet they need to download every video they need to succeed in school, and all the internet your family needs to download films. All without any fear of running out of allowable gigabytes.

Are you eligible? The Spectrum program is aimed at two important groups:

- Families with student who participate in the Nations School Lunch Program, and
- Seniors 65 and older who receive Supplemental Security Income.

ABC (Assist, Believe, Care):

The ABC committee would like to share some information with our Centennial families. ABC stands for Assist, Believe, Care and the goal of our program is to try and address those barriers that may interfere with the educational success of a child. The program does this by providing support to students and their families that are experiencing economic hardship or are in an immediate family crisis. If you would like to participate, are looking for assistance, or would like further information, please contact us directly. A new application does need to be filled out each year and are available in the main office.

November Brings Thanks!:

By: Chelsey Peace

Who loves food, football, friends, and family? If you do then you must love Thanksgiving! As Thanksgiving is a holiday to celebrate the things and people you are thankful for. So, who are you thankful for? Some of the 6th and 7th grade teachers are thankful for a lot, including Mrs. Bossiello, Mrs. Campbell, and Mrs. Negrón.

Mrs. Bossiello is thankful for her family. As family is the most important in my book and I hope she has a great Thanksgiving with her family, I hope you do too.

Mrs. Campbell is thankful for her family, students, job, and summer vacation. I bet we all wish it was summer vacation right now. We can only dream.

Mrs. Negrón is thankful for Faith, family, friends, and time. Faith gives us hope when in a time of need, it can help you to believe.

Mrs. Brady is thankful for her family. Family is supportive and there for you when you need them. Have fun making the turkey feast for yours.

Mrs. Stallworth is thankful for her family (including her Centennial family!), and all that she has been blessed with.

Everyone is thankful for something or someone so who or what are you thankful for?

Our Hispanic Thanksgiving:

By: Anabel Hernandez and Natalia Barrientos

The Hispanic Thanksgiving is not like the American Thanksgiving. For example, we have different ways of setting it up and different food styles. One main difference that we have is that instead of turkey we have "Carne Asada". For people who don't know what "Carne Asada" is, it's a dish of grilled meats (steak, beef, ribs, etc.). We also have rice and beans on the side.

As many see in the movies Thanksgiving parties are fancy but not for the Hispanics, we usually talk over each other making it seem chaotic. Our Thanksgiving parties also usually have more than one table because our families are big. We also don't really decorate because the food is our decoration. The food is all around on tables where all the aromas of food combine and create an explosion of spices. We also have many different flavored waters such as lemonade (agua de limon), Horchata, and different flavored cokes.

Later at night we make coffee and have chocolate, buñuelos, churros and Atole while the kids play soccer, play outside, or just try to sneak some desserts from the table without getting in trouble. This may not be accurate to everyone but this is how we celebrate Thanksgiving.

What are the students of CENMS doing for Thanksgiving break:

By: Maribel Garcia

Brianna Harrellson- going to Ocala to see her grandparents, also going camping and fishing. For Thanksgiving she is going to eat turkey, ham, green beans, noodles, and much more.

Maribel Garcia- going to have a big party at my grandma's house where we will have so much fun! I am going to eat a lot of things too.

Jeremiah Leniar- sleep, eat, and play football.

Athlete Spotlight:

Athlete: Kalli Keith

Sport: Basketball

1. How many years have you been playing? 3 years.
2. Why do you enjoy this sport? I enjoy this sport because it's a team sport and it's fun.
3. Why do you enjoy playing for the Cyclones? All the girls are nice, we are friends, and we work together on the court.
4. Who do you admire and why? I admire my teammates because some are better than others and we learn new stuff from each other.
5. What advice would you give to someone who wants to play next year? Work hard and don't be scared to try new things. It's not about who is winning, it's about working as a team.
